HORNET FUN IN '81

Hornets find many ways to have fun in '81. Hornet fun is running for a touchdown, hitting a homerun or shooting for two points in basketball. For other Hornets, fun is an FBLA conference in Wyoming, an FTA convention in San Antonio or work in the Student Council concessions stand. Pep rallies, class elections, and field trips provide fun for still other Hornets. But whatever the activity, Hornet SPIRIT never dies!

What is hornet hysteria? It's a little bit of yelling, a touch of excitement, some pep rallies a few football games, the student body of AHS and a whole lot of spirit!

The student body of AHS has taken this slogan and turned it into reality. During football season AHS goes wild with excitement. Whether at a pep rally, a football game or in class, Hornets always show that "hysteria" that AHS has come to expect.

Although the football team has had some trouble this year, Hornets still have shown that AHS spirit, and have stood behind the players all the way! Whatever the year, the team, or the student body — "Hornet Hysteria" will always be alive at AHS.

Homecoming — what a memory! New clothes, '50's floats, a bonfire that smoldered for days, and "Bury the Pioneers!" Girls desperately wanting a date faced guys who feared the high cost of mums and dinner after the game. Although teachers predicted their classes' floats would never be completed, all four floats were ready and breathtaking by parade time.

By kick-off excitement was so high that it almost didn't matter whether the team won or lost. Whatever the outcome, this special Friday was the big winner.

IT'S ALMOST OVER!

When you think about us almost graduated and experiencing a whole new life, it's really kind of scary. After all, every year we have always known that we were going to go back to school, but now what will we do?

We're almost grown and we're going to be starting a new life. School has prepared us for some of this, but after we graduate we have to learn for ourselves.

Remember when we were freshmen, and everyone teased us? Some of us got the feeling we might never make it, but, Seniors of '81, we made it and we'd like to say, "Thank you, Azle High, for all the time and effort you have given us!"

"We love you"

Congratulations Seniors of '81!

Julie
Bearfield

Giese, Donnie!

I remember in 8th grade and you were in 7th and we were both in band. And now look how far we're come. At least I have. Because I am smarter, yes! I took the Accelenic Awards test for Government & Algebra II. Smart me. Didn't win! I hope you & John & I can always be close. You mean so much to the both of us. You really made this year great for me. Going to the locker everyday. Hitting on me. Saying Giese Pooted! Not Debra. John still laughs at that. I know I will see you alot, maybe, if you and John just stick together in the business. Be sure and have fun next year since it's your last year. I want all the happiness in the world for you. Take care & be careful. Best Wishes!

Love always,

Debra

ANOTHER YEAR, ANOTHER HORNET

Do you ever wonder why your annual gets more expensive every year? First of all, there are printing costs, and color pages cost extra. The cover and endsheets are also expensive.

Just be glad the staff doesn't get paid. Labor costs would be outrageous with all the layout drawing, picture developing, and copy writing they do. They even get out and sell ads to cover some of the printing costs.

The 1980-81 school year held many surprises for AHS students. This was especially true for those who found themselves on the newspaper staff, courtesy of their friendly neighborhood computer.

Staff members immediately began receiving beat assignments, getting interviews, and writing stories. Photographers began shooting, developing, and printing film. In addition, everyone got a crash course in selling ads, which are very important to each issue.

All STINGER staff members worked hard to meet their deadlines. Without this hard work and team effort by everyone involved, the STINGER never would have been published.

Student Council is a service organization that also plans activities for the students' fun. Members are elected by the student body to represent each class. The advisory board is selected by the sponsors.

They sponsor the annual blood drive and this year held a scoliosis screening for fifth and sixth graders. For the first time they had a talent show featuring student talent. Candy-grams on Valentines Day, pictures with Santa and a car bash were other projects. Homecoming chairman Teresa Ralls planned spirit week with Kiddy Day and Green and White Day.

The Conquistadors is the new name for the Spanish Club of 1980-1981. They participated in the Halloween carnival in which they raised over $120.00.

The French Club activities for the year included taking part in the "Turkey Walk" for the Heart Association and eating at the Swiss House in Fort Worth. Also, a pot-luck dinner of the French origin was cooked by the members. After the meal, the members caroled through the neighborhood, singing songs that were, of course, in French.

Industrial Arts

The Industrial Arts Club is made up of three different classes. Mr. David Craft teaches crafts and wood shop, in which students are required to make a bookrack. Mr. Tom Cotton teaches general drafting, where students learn to make working drawings, pictorial drawings, and architectural drawings. In their second year, drafting students draw house plans, and third year students construct model houses.

Last spring, Industrial Art students attended the regional contest in Waco, where they won first place in 3A project competition, and second place in scrapbook competition. This year they went to Denton for regionals in April, and to Waco for state in May. They also entered the Azle show in May.

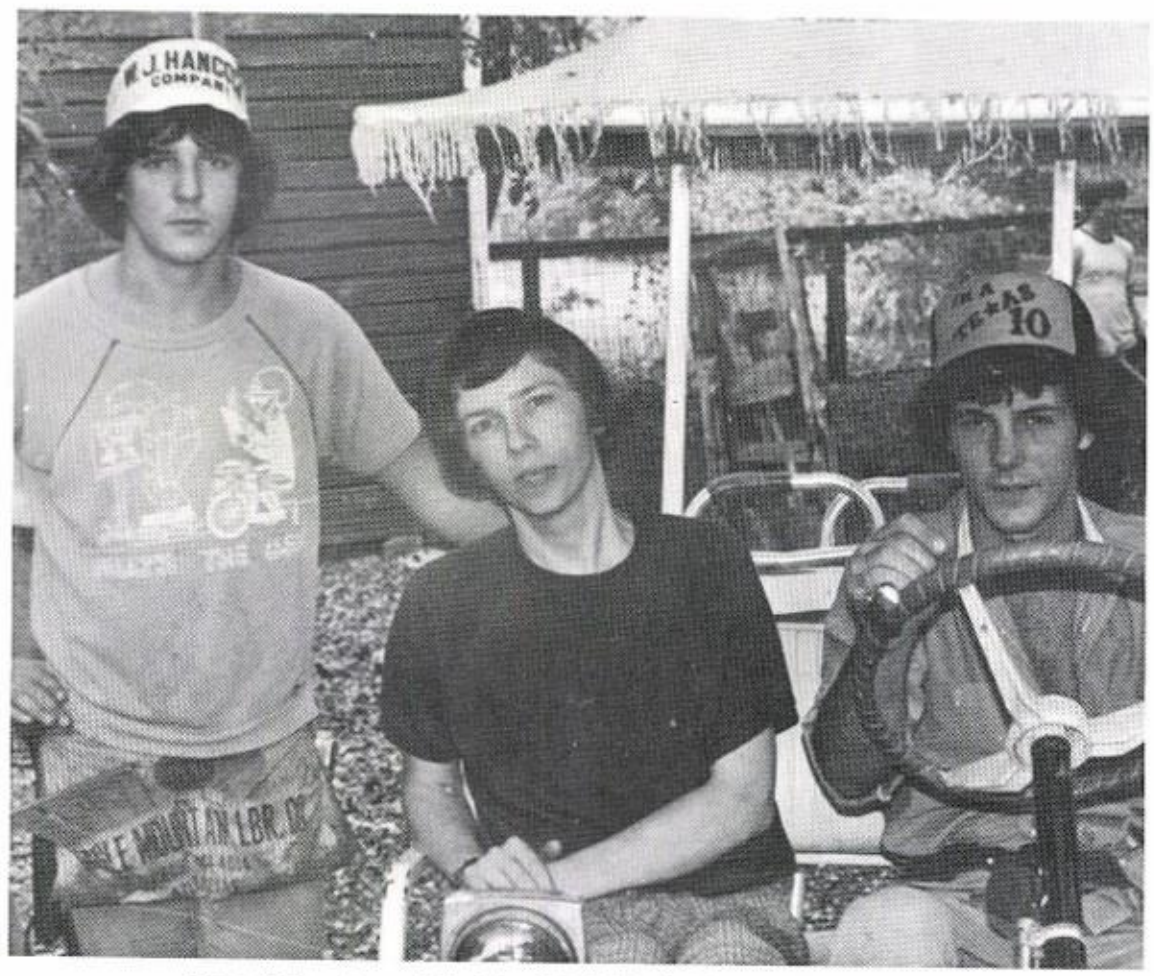
Dear Class,

I wish to thank you for working on our chicken coop. A common question among patients with the disease I have (multiple sclerosis) is: "Have you got MS or has MS got you?" At times it seems that MS has me, but thanks to you folks, I can answer that *I* have MS. This house was awarded to me after objections that I could not care for the house and property. Therefore, your help in building the chicken coop is much appreciated. Once again, I thank you.

Sincerely,

Mr. Ron Stubblefield

P.S. Tremors make it impossible for me to write or type. My wife has therefore agreed to write this letter for me. Make no mistake, however, that the thoughts are entirely my own.



Ron Robertson, Mr. Ron Stubblefield, and Rob Glover.

Hey,

It's been a crazy year in DECA! & it really is a shame you got out, Your wonderful History class. I know your heart was broken when you had to get out! Even though you're bugged me quite a bit (like always messing up my hair & taking up my key chain!) you're real sweet! Come by the beach sometime this summer & visit me.

Love Ya,

Michelle Jones

Dear Mr. Richard,
Hey, this is Cheryl. I'm sorry I
haven't been in school
these days. I've been
sick and my mom
doesn't want me
to go to school
because I'm sick.
I'm sorry I
can't go to
school.
Cheryl
